Patient Information

One slippery place in the journey to sobriety happens between the door of treatment and AA. Bridge the Gap connects the gap between. It is a temporary contact program designed to help the alcoholic in treatment make the transition.

The temporary contact will take a newcomer to A.A. meetings; introduce him or her to other A.A.s; insure that he or she has the phone number of several A.A. members, and share the experience of sponsorship and a home group.

A.A. experience suggests attending meetings regularly is critical. In order to bridge the gap, A.A. members have volunteered to be temporary contacts and introduce newcomers to Alcoholics Anonymous in their home town.
